President's Report:

Welcome to the first Newsletter of The Art Space Urunga.

Since moving to Urunga about 18 months ago, I have discovered so many wonderful things in this area. The Art Space is up there as one of the best; what a fantastic place for the many amazing artists in this area to display their incredible talent and for our community and visitors to Urunga to enjoy. It's such a privilege to be the gallery's President for this year.

In merely two years, the gallery is working like a well-oiled machine, delivering several high quality exhibitions a year. This doesn't happen without a lot of work behind the scenes, especially from Adrienne Hmelnitsky who works tirelessly (as a volunteer) to put the shows together, a great band of volunteers who support the gallery and a talented Committee to manage the finances and plan for the gallery's future. The future's looking bright. Our finances are being very competently managed by our Treasurer, Chris Wynne and the monthly reports show consistently healthy balances from sales. The number of visitors to the gallery is increasing too, which is great.

Over the remaining few months of my Presidency, the Committee will importantly be working to further strengthen the gallery's governance and administration

systems. We'll also build on existing marketing and promotional approaches and improve communications with our members. Next year we will update the Council and the Chamber of Commerce on the gallery's progress over the last couple of years, which will include some ideas to further strengthen the gallery for the long-term. Thank you for your ongoing support as a member of The Art Space. I look forward to meeting you at the gallery sometime, either when you drop in or at one of the opening nights.
